| Ratings | |
|---|---|
| Not Satisfactory (--) | Many mistakes, loss of control, influencing game; |
| Poor (-) | Many mistakes, no influence, little control; |
| Average (0) | Several mistakes, but regular control; |
| Good (+) | Few mistakes and good control; |
| Very Good (++) | Almost no mistakes, very good control; |
| Excellent (+++) | Practically Perfect |

For each of the items listed you have to take a clear decision where to start following the rating definitions given above - e.g in case of being not sure to rate either "average" or "good", reconsider the item in doubt and follow exact definition with particular reference to the number of mistakes and to the quality of the match control.

If one item does not occur in the match, please tick average.

| Observation Items | |
|---|---|
| Fair Play and Neutrality | To which extent was the idea of the Fair Play respoected and represented in the match . Treating all players and officials of both teams absolutely impartial. Taking no influence whatsoever on the result or the direction of the match |
